**THE EFFECTS OF USER-GENERATED CONTENT (UGC) OF ONLINE FASHION
BUSINESSES ON THE PURCHASING DECISIONS OF SELECTED CAVITE
STATE UNIVERSITY- TRECE MARTIRES CAMPUS STUDENTS**

Greetings!

We, Marc Daniel Anog, Mae Nichole Delcarmen, Sarah D. Fidelson, Cara Ella Langrio, Mark Miranda, Jin Arvee Ordinario, Grace Ruga, and Marc Gabrielle Torres are students of Cavite State University- Trece Martires City, Campus taking up Bachelor of Science in Business Management major in Marketing Management. We are currently conducting a research study entitled, "The Effects of User-Generated Content (UGC) of Online Fashion Businesses to the Purchasing Decisions of Selected CvSU- Trece Martires Students".

In line with this, we would highly appreciate if you could answer the questions truthfully and to the best of your ability. Rest assured that information gathered from this study will be taken with utmost confidentiality. Thank you! Your participation in this survey is voluntary; you may refuse to take part in the research without penalty. You will receive no direct benefits from participating in this endeavor. However, your responses will be a great contribution to the marketing literature. The whole study and processes of gathering data are guided by the RA 10173 or the Data Privacy Act of 2012. Therefore, your answer will be treated with complete confidentiality and to be used only in the research, and unless you choose to provide your name, will be entirely anonymous. If you have concerns about this questionnaire, please contact me at tmc.sarah.fidelson@cvsu.edu.ph or at 09299561356.

Thank you so much for your help!

I have read the contents of the Informed Consent Form for the study of The Effects of User-Generated Content on the Purchasing Decisions of Selected Cavite State University - Trece Martires Campus Students, and therefore;

☐ I understand and agree to take part in the study

Part II: Factors Influencing Online Fashion Purchasing Decision

Adapted from the study "Price Sensitivity and Innovativeness for Fashion Among Korean Consumers" (Ronald E et. al., 2025), "The Influence of User-Generated Content, Conspicuous Consumption, and Flash Sales on Impulsive Buying Behavior E-Commerce with Pay Later as a Moderation Variable" (Zihad et. al., 2023), Leveraging Social Media For Sustainable Fashion: How Brand and User-Generated Content Influence Gen Z's Purchase Intentions (Dina El et. al., 2020), and "Impact of Social Media Influencers On The Purchasing Decision Among College Students in Dr. Carlos S. Lanting College" (Lady A. 2023).

Direction: Please put a check (✓) mark on the following question below that best corresponds to.

4	3	2	1
Strongly Agree	Agree	Disagree	Strongly Disagree

	4	3	2	1
A. Price Sensitivity				
1. I am willing to spend more money to try new fashion styles.				
2. I am not opposed to investing a significant amount of money in a new fashion item.				
3. I understand that the new fashion items are likely to be more expensive than the older ones, and I am fine with that.				
4. I believe that a high-quality new fashion item is worth the extra cost.				
5. I consider the price carefully when buying new fashion items.				
B. Impulse Buying				
1. I often buy fashion items spontaneously from online stores.				
2. I tend to shop online for fashion items without prior planning.				
3. I sometimes overlook the consequences when buying fashion products online.				
4. I often buy fashion products online without thinking it through.				
5. I shop online for fashion items when I feel an emotional urge.				
C. Customer Preferences				
1. I prefer to engage with brands promoted by influencers who have a large number of followers.				
2. I am more likely to purchase a product if its promotional content receives high engagement.				
3. I prefer fashion brands that are actively promoted by real customers or influencers on social media.				
4. I am more interested in buying from a brand if I frequently see their products featured in user-generated content .				
5. I tend to choose fashion brands that have a strong presence in trending social media.				
D. Product Choice				
1. I consider customer reviews in deciding whether or not to choose a product or service.				
2. I am influenced by social media content to purchase products, even if I don't necessarily need them.				
3. I am more likely to choose a product if it has a discount or promotion.				

4. I consider trying a new product if I see positive feedback about it on social media.				
5. I am more likely to choose a product that is recommended by social media influencers or content creators I follow.				

Part III: Effects of UGC of Online Fashion Businesses

Adapted from the study “The Impact Of UGC on Customer Engagement Via Perceived Value Towards Personal Care Products” (Khin La. 2024), and “TikTok as a Platform for Marketing Campaigns: The effect of Brand Awareness and Brand Recall on the Purchase Intentions of Millennials” (Mary G. et. al.,2022).

Direction: Please put a check (✓) mark on the following question below that best corresponds to.

4 Strongly Agree	3 Agree	2 Disagree	1 Strongly Disagree
-------------------------------	-------------------	----------------------	----------------------------------

	4 (SA)	3 (A)	2 (D)	1 (SD)
A. Engagement with UGC				
1. I'm curious about the content shared by others on social media.				
2. I'm open to expressing and exchanging my thoughts on social media.				
3. I'm likely to suggest products and brands I've seen in user-generated content to my friends.				
4. I'm interested in viewing more user-generated content on social platforms.				
5. I become more engaged with products and the brand websites because of user-generated content				
B. Trust in Online Fashion Businesses				
1. I believe in UGC on social media.				
2. I use UGC as a guideline for purchasing decisions.				
3. I believe that UGC on social media is based on personal experience.				
4. I believe that UGC is convincing.				
5. I think UGC is easy to comprehend.				

	4 (SA)	3 (A)	2 (D)	1 (SD)
C. Brand Recall				
1. I think that UGC makes it easy for me to remember a specific brand.				
2. I determined whether or not to buy a brand after recalling it from UGC.				
3. I am able to recall the brand that I viewed on UGC even after many days have passed.				
4. I can quickly remember a specific brand after seeing it on UGC.				
5. I think UGC has the potential to enhance brand recall.				

Thank You!
